

Hill St, Emu Park - Shared Pathway

Project Description:	Construct a new concrete shared pathway from Emu Park Library to Hill Street boat ramp (includes kerb and channel)
Reasons for Project:	This project is in relation to the Cycle Network Local Government Grants program which aims to link shared paths on principle links
Benefits of Project:	To extend the existing pathway network in Emu Park's CBD to the boat ramp access to Fishermans Beach
Estimated Total Cost:	Total cost of Stage 1 is \$175,524.00, with 50% funded by the Cycle Network Local Government Grants Program (CNLG) with the remaining 50% funded by the LSC
Commencement Date:	Works to commence mid-August 2019
Duration of Project:	Works to be completed in two (2) months, subject to weather and ground conditions
Contact Officer:	Marco Bandiera
Public Consultation:	Notification will be by social media and letters to affected residents
Potential Interruptions:	Minimal disruptions to traffic and local accesses with traffic controllers in place when required
