3.5 Park Residential Zone Code

(1) Purpose

- (a) The purpose of the Park Residential Zone Code is the achievement of the overall outcomes sought for the Park Residential zone.
- (b) The overall outcomes sought for the Park Residential Zone are:
 - (i) Development for low density residential purposes:
 - (A) is clustered within a rural or natural landscape setting, and
 - (B) is integrated with the natural environment facilitating resident’s enjoyment of rural amenity and lifestyle, and
 - (C) does not adversely impact on good quality agricultural land,
 - (D) does not adversely impact on the environmental values of the site and its surroundings or;

- (E) does not adversely impact on existing open space networks
 - (ii) Uses and works are located and designed to maximise the efficient use and extension and safe operation of infrastructure;
- (2) Elements
- (a) Land use and development
 - (i) Consistent uses

Specific Outcomes

- O1 (a) Only uses consistent with the overall outcomes for, and preferred for development within the Park Residential zone are established in the zone.
- (b) The following uses and use classes are consistent with, and preferred within the Park Residential zone:
- (i) Dwelling house,

 - (iii) Home-based Business
- O2 Provided the following uses are developed:
- ▶ to be compatible with surrounding development by being of similar scale, intensity and character, and
 - ▶ to support preferred uses, and
 - ▶ to not adversely affect the amenity of the locality;
- they are consistent within the Park Residential zone:
- (a) Local utility

(ii) Inconsistent uses
