

LIVINGSTONE HEALTH & Wellness EXPO

Saturday,
14 September 2024

A free family friendly expo that brings together sports, fitness, health and wellness

STALLHOLDER - EXPRESSION OF INTEREST

The 2024 Livingstone Health and Wellness Expo is scheduled for Saturday, 14th September 2024. This event serves as both an inspiration and educational platform, aimed at fostering healthy habits and empowering active lifestyles.

We invite local sports clubs, organisations, health, fitness and wellness businesses to host a stall and participate in this event. This is a chance to connect with the community, showcase what you have to offer, and advocate for healthy lifestyles and overall wellbeing in the Livingstone Region.

Event Objectives:

The expo aims to promote and inspire individuals and families to prioritise their health and wellbeing. Additionally, it provides a platform for health and wellness groups, clubs, businesses, programs, and services to gain valuable exposure and showcase their offerings.

Stallholder Requirements:

Stallholders must submit an Expression of Interest (EOI) application form to hold a stall at the expo and promote their services/business.

We encourage stallholders to create dynamic displays and offer interactive activities that engage attendees and promote active participation.

By incorporating interactive elements, stallholders can enhance the attendee experience, making their booths engaging and memorable, while also providing valuable information and resources to attendees

**Stallholder Expression of Interest Applications
Closes Monday 27th May 2024**
