18-5	PCL-538	Emu Park Singing Ship upgrade	2021	\$5,620,625

SC3.3 Map Index

- (1) The table(s) below list maps associated with the Local Government Infrastructure Plan contained within Part 4 of the planning scheme.

Editor's note - The Map Version identified for each map is unique to each map. For this planning scheme, an amendment of a map or maps results in a change to the Map Version reference, however, it does not result in a change of the planning scheme Document Version reference. Likewise, an amendment of the planning scheme document (any part not including mapping amendments) results in a change to the Document Version reference but does not result in a change to the Map Version reference. For example, if five amendments occur to the planning scheme (other than mapping), the Document Version reference will likely be 'Version 5', however, as there are no changes to any maps as part of the amendments, the Map Version references will remain as 'Version 1'. If a mapping amendment affects only one map, then only that map will have a new Map Version reference.

Table SC3.3.1 – Priority Infrastructure Area Maps

Map Number	Map Title	Map Version Reference	Gazetted Date
A	Priority Infrastructure Area – Capricorn Coast	Version 1	22 June 2018
B	Priority Infrastructure Area – Yeppoon	Version 1	22 June 2018
C	Priority Infrastructure Area – Emu Park	Version 1	22 June 2018

Table SC3.3.2 – Plans for Trunk Infrastructure Maps
