#### 12.2 MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDING 31 AUGUST 2018

File No: FM12.14.1

Attachments: 1. Monthly Financial Report - August 2018

Responsible Officer: Andrea Ellis - Chief Financial Officer

Author: Damien Cross - Coordinator Accounting Services

#### **SUMMARY**

Presentation of the Livingstone Shire Council Monthly Financial Report for the period ending 31 August 2018 by the Chief Financial Officer.

#### OFFICER'S RECOMMENDATION

THAT the Livingstone Shire Council Monthly Financial Report for the period ending 31 August 2018 be received.

#### **BACKGROUND**

The attached Financial Report has been compiled from information within Council's Finance One and Pathway systems. The report presented includes:

- 1. Key Strategic Financial Indicators
- 2. Summary of Financial Results
- 3. Detailed Statements

The attached financial information presents a snapshot of the month (August) and year-to-date position of Council's financial performance for the 2018-19 financial year.

Commitments are excluded from the reported operating & capital costs.

All variances are reported against the 2018-19 adopted budget. All budgets have been developed on a monthly basis. The attached reports show the business units segregated revenue and expenditure statements and balance sheets.

#### **COMMENTARY**

The Financial Report compares actual performance to date with Council's 2018-19 adopted budget and identifies significant variances or areas of concern. It also provides information about additional areas of financial interest to Council and reinforces sound financial management practices throughout the organisation. This information is provided through the attached monthly financial report. At this early stage of the financial year few trends have emerged.

#### **Financial Performance**

The operating performance for the financial year to 31 August 2018 shows an operating surplus of \$22.7 million compared to a budgeted operating surplus of \$19.9 million.

Note: Actual results exclude purchase order commitments.

Status Legend:

- Above budgeted revenue or under budgeted expenditure
   ✓
- Below budgeted revenue or over budgeted expenditure <10%
- Below budgeted revenue or over budgeted expenditure >10%

#### **Operating Revenue**

The year to date operating revenue is slightly behind the year-to-date budget. The half-yearly rates & utility charges were generated in the revenue system in July, with an issue date of 1 August 2018 and a due date of 5 September.

Table A.1 in the Monthly Financial Report (Attachment 1) shows operating revenue by major category of actuals to budget variances by line item.

#### **Operating Expenses**

The year to date operating expenditure is below budget by \$3.7 million which excludes \$13.8 million in committals. Table A.1 in the Monthly Financial Report (Attachment 1) reports operating expenditure by major category of actuals to budget variances by line item.

Total operating expenses are under budget mostly due to an underspend of \$2.4M in materials & services. It should be noted that a substantial amount of materials and services expenditure paid to suppliers during the month of July was accrued back into the 2017-18 financial year.

A snapshot of the expenditure on the rural and urban roads maintenance programs in comparison to both the 2018-19 year to date budget and the adopted annual budget is outlined below:

|                   | YTD Actual (\$000's) | YTD Budget (\$000's) | Full Year<br>Adopted Budget<br>(\$000's) | % Full Year<br>Budget Spent |
|-------------------|----------------------|----------------------|--|-----------------------------|
| Rural Maintenance | \$702                | \$648                | \$4,351                                  | 16.1%                       |
| Urban Maintenance | \$204                | \$355                | \$2,206                                  | 9.3%                        |

Note: Actual results exclude purchase order commitments.

#### **Capital Income**

Total capital income is ahead of budget by approximately \$1.1M. This is mostly due to the receipt of a \$1M payment from the Queensland Reconstruction Authority for the Statue Bay Reconstruction Project during July.

The 2018-19 capital revenue budget for developer contributions is \$1.82M and this will be closely monitored as the 2018-19 financial year progresses to assess the impact on capital project funding. Year to date developer's contributions total \$75K.

#### **Capital Expenditure**

Capital expenditure incurred as at 31 August 2018 is summarized in Table D.1 and D.2 in Attachment 1. The 2018-19 adopted budget total capital expenditure is approximately \$48.3 million with YTD actuals of \$4.4 million with a further \$24.8 million in committed expenditure.

Table D.3 highlights the significant capital works projects with an adopted expenditure budget greater than \$1 million and includes the YTD actuals and project life-to-date costs in comparison to budget.

#### Statement of Financial Position as at 31 August 2018

A detailed balance sheet is provided in Table B.1 in Attachment 1 as at 31 August 2018.

The balance sheet shows a low level of total liabilities in comparison to total assets and consists predominantly of trade & other payables, other provisions and loan borrowings.

Council's total loan balances are approximately \$85.9 million with the first quarterly 2018-19 financial year repayment scheduled to be made to the Queensland Treasury Corporation (QTC) in September. Council has not accessed the approved working capital facility.

Interest on long term borrowings range from 3.123% to 5.554%, with the average cost of capital being 4.35%.

#### **Statement of Cash Flows**

The statement of cash flows provided in Table C in Attachment 1 shows Council's expected cash flows for the financial year and the actual cash flows at this early stage of the financial year. The cash position remains sound with cash totaling approximately \$40.7 million at 31 August 2018. Council's half-year general rates and fourth quarter 2017-18 water consumption notices were issued on 1 August 2018 with a payment due date of 5 September 2018. As this due date approaches, the payment of these notices has had a favorable effect on Council's cash position to the end of August.

Available cash is either invested with the Queensland Treasury Corporation (QTC) Capital Guaranteed Cash Fund or held in fixed term deposits with financial institutions. The annual effective interest rate for the QTC Capital Guaranteed Cash Fund at 31 August 2018 was 2.50% p.a. Interest rates for Council's current term deposit is 2.83% and reflect the fixed interest rate for the term of the investment.

Interest earned on cash and investments for the month of August was \$75K.

#### **Outstanding Sundry Debtors**

At 31 August 2018, outstanding sundry debtors stand at \$1,569,481 and of this balance \$989,682 is current.

There are 22 accounts which are over 60 days totaling \$513,601 which represents approximately 38% of total outstanding sundry debtors.

#### **Outstanding and Overdue Rates and Charges**

The total rates debtor balance at 31 August 2018 stands at \$24,425,806. There is \$849,312 in prepaid rates as at the 31 August, with net rates outstanding being \$23,576,494 as at 31 August. This includes the current levies not yet due \$21,314,729 which represents 87% of the balance outstanding.

It should be noted that the current levy unpaid is high due to the 2018-19 half-year general rates notices and final quarter 2017-18 water consumption notices being generated in the month of July and issued on 1 August 2018 which are due on 5 September 2018.

The KPI target for outstanding rates is to reduce rates receivables to less than 5% of total rates outstanding prior to the next six monthly billing cycle. Whilst the collection process of overdue rates receivables is proceeding, total rates receivables as at 31 August 2018 eligible for collection (excluding the current levy) is \$3,111,077 which is 9.08% of rates levied. This is above this KPI target due to the timing of the generation and issue of rates notices as outlined above.

The following table analyses this overdue amount by age of debt.

| Aging Period | Arrears balance (before deducting prepaid rates) | % of total<br>eligible for<br>collection |
|--------------|--|--|
| Current      | \$21,594,855                                     | 88.41%                                   |
| 1 years      | \$1,585,235                                      | 6.49%                                    |
| 2 years      | \$683,923  | 2.80%                                    |
| 3 years      | \$297,995  | 1.22%                                    |
| 4 years      | \$180,751  | 0.74%                                    |
| 5 years      | \$83,047   | 0.34%                                    |
| TOTAL        | \$24,425,806                                     | 100%                                     |

Council offers a direct debit facility with 2,103 direct debits totaling \$166,458 processed in August.

#### **Debt Management**

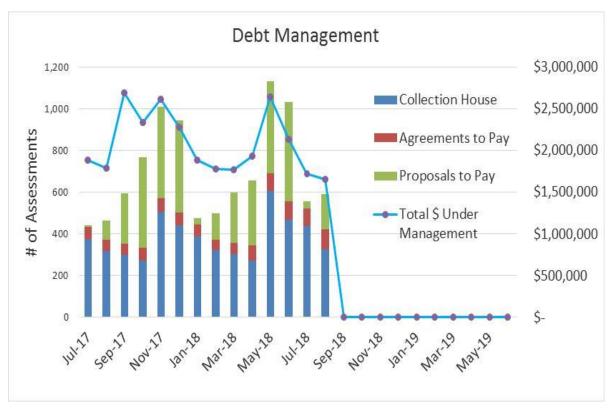

Ratepayers always have the option to enter into formal payment arrangements, which prevents legal action being progressed by Council's debt collection agency. Council resolved to reduce the overdue interest from 10% to 7% per annum in 2018-19, applied monthly, on all overdue balances, including those under a formal payment agreement.

In total, 59% of the overdue balances are under management, this reflects 591 assessments out of all (17,499) rateable assessments (3.4%).

August saw an increase of proposals to pay to 169 in total, representing a total of \$262,623. Proposals to pay require all current arrears to be paid in full prior to the next rating period; all arrangements to pay up to July are now revisited at the end of the September discount period.

There are 94 (July: 86) assessments under long term arrangements (agreements to pay) with a total of \$388,498 with varying settlement periods.

A total of 328 (July: 437) assessments, representing \$1,009,086 (July: \$1,260,991) are currently being managed by Council's debt collection agency. Compared to August 2017, there are 11 more assessments under a debt management arrangement and a reduction in the total value under management by \$361,921.

#### **Procurement Activities**

Council strongly supports locally-owned and operated businesses, including those with an office or branch in our region. Council is able to report on direct local spend for both operational and capital expenditure in addition to employee salaries & wages. The data provided is only reflective of the payments made through Accounts Payable and via corporate purchase cards and does not make any consideration for other economic impacts.

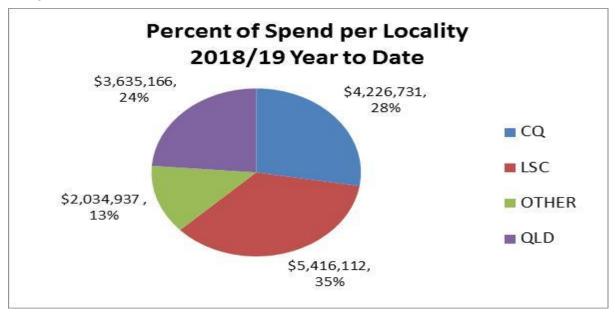

LSC = Businesses located within the shire boundaries.

CQ = Business completely set up and run outside of LSC boundaries but within the Central Queensland.

QLD = Business based outside of Central Queensland but within Queensland

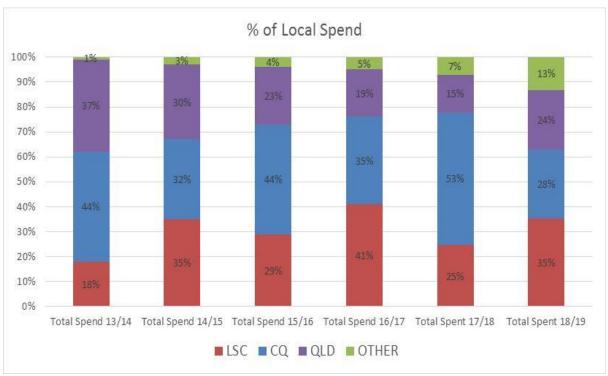

OTHER = Business based outside of Queensland.

The following pie chart illustrates the total dollars spent this financial year by geographical categories.

The total spend on businesses located within the Shire boundaries was 35% or \$5.42 million. For the financial year to 31 August 2018, Council has purchased more of its materials and services from businesses and industries that are located within the Shire boundaries.

The bar graph below summarises the allocation by local spend categories per financial year since 2013-14. Council procures, on average, 70% of the materials & services from within the greater the Central Queensland area, which includes Livingstone Shire Council.

#### **PREVIOUS DECISIONS**

Council adopted the 2018-19 Budget on 24 July 2018.

#### **BUDGET IMPLICATIONS**

The Monthly Financial Report shows Council's financial position in relation to the 2018-19 adopted budget.

#### LEGISLATIVE CONTEXT

In accordance with Section 204 of the *Local Government Regulation 2012*, a Financial Report is to be presented to Council on at least a monthly basis.

#### **LEGAL IMPLICATIONS**

Not applicable.

#### STAFFING IMPLICATIONS

Not applicable

#### **RISK ASSESSMENT**

Regular robust reporting of Council's financial results assists in creating a framework of financial responsibility within the Council and providing sound long term financial management of Council's operations.

#### **CORPORATE/OPERATIONAL PLAN**

Corporate Plan Reference:

Strategy GO3: Pursue financial sustainability through effective use of the Council's resources and assets and prudent management of risk.

#### CONCLUSION

The Financial Report provides information about Council's financial performance and position for the month ending 31 August 2018. The attached financial results are early indication of Council's financial results in 2018-19. Actual and adopted budget amounts reported are subject to finalisation of the 2017-18 financial statements.

### **SUMMARY**

The purpose of this report is to address outstanding administrative matters resulting from the making of Local Law No 8 (Waste Management) 2018.

### OFFICER'S RECOMMENDATION

THAT Council resolves as follows:

- 1. Pursuant to s 5 of Local Law No. 8 (Waste Management) 2018, Council approves:
  - a. the Designated Waste Collection Areas Map Nos 1-8 (ver 1) which designate:
    - i. Collection Areas in which Council will conduct general waste collection; and
    - ii. Service Routes in which Council may conduct general waste collection.
  - b. the frequency of waste collection in the designated areas as identified in the Waste Management Schedule.
- 2. To adopt the Waste Management Schedule.
- 3. For the purposes of the definition of recyclable waste in Local Law No. 8 (Waste Management) 2018, Council declares the following as recyclable waste:
  - a. Glass food and beverage containers;
  - b. Clean paper and cardboard;

- c. Steel and aluminum cans including aerosols;
- d. Liquid paperboard; and
- e. Plastics all plastics defined in the plastic coding system as Groups ® 1, 2, 3, 4, 5 and 6, HDPE plastic containers, PET plastic containers.
- 4. For the purposes of the definition of standard general waste container in Local Law No. 8 (Waste Management) 2018, Council approves the standard general waste containers identified in the Waste Management Schedule for storing domestic waste, commercial waste and recyclable waste at premises.
- 5. To adopt the Waste and Recycling Collection Policy (v4); and
- 6. To endorse the Waste and Recycling Collection Procedure (v4).

### **BACKGROUND**

At its 6 February 2018 Meeting, Council resolved to propose to make Local Law No. 8 (Waste Management) 2018 due to the impending expiry of pt 2A of the *Waste Reduction and Recycling Regulation 2011* and ch 5A of the *Environmental Protection Regulation 2008* on 1 July 2018.

At the same meeting, Council also resolved to:

- 'a) adopt the Waste and Recycling Collection Policy (v3);
- b) endorse the Waste and Recycling Collection Procedure (v3);
- c) adopt the Waste Management Schedule;
- d) Approve the standard general waste container identified in the Waste Management Schedule for storing of domestic waste, commercial waste and recyclable waste at premises; and
- e) Approve the Designated Waste Collection Areas Map Nos 1-8 (ver 1) which identify:
  - i. Collection Areas in which Council will conduct general waste collection; and
  - ii. Service Routes in which Council may conduct general waste collection.'

The steps identified in the Local Law Making Process which was adopted by Council at its 26 August 2014 Meeting were followed and by resolution on 3 July 2018, Local Law No 8 (Waste Management) 2018 ('the local law') was made.

Now that *the local law* has been made, it is necessary to address some administrative matters as outlined below.

### **COMMENTARY**

1. <u>Designation of areas and frequency of collection</u>

At its 6 February 2018 Meeting, Council resolved to approve the Designated Waste Collection Areas Map Nos 1-8 (ver 1) which identify:

- a. Collection Areas in which Council will conduct general waste collection; and
- b. Service Routes in which Council may conduct general waste collection.

Now that *the local law* has been made it is necessary for a fresh resolution of Council to designate areas in which it may conduct general waste or green waste collection and decide the frequency of the collection within the designated areas pursuant to s 5 of *the local law*. The Collection Areas Map Nos 1-8 (ver 1) and the Waste Management Schedule which includes the frequency of collection are the same as those approved by Council in February 2018.

### 2. Declaring what is Recyclable Waste

Prior to making *the local law*, at s 5.8 of the Waste and Recycling Collection Procedure Council had declared the following items as recyclable waste:

- Glass food and beverage containers;
- ii Clean paper and cardboard;
- iii Steel and aluminum cans including aerosols;
- iv Liquid paperboard; and
- v Plastics all plastics defined in the plastic coding system as Groups ® 1, 2, 3, 4, 5 and 6, HDPE plastic containers, PET plastic containers.

For the definition of recyclable waste in *the local law*, Council now needs to make a new declaration as to what is recyclable waste.

### 3. Approving Standard General Waste Container

Prior to making *the local law*, at its 6 February 2018 Meeting Council approved the standard general waste containers identified in the Waste Management Schedule. For the definition of standard general waste container in *the local law*, Council now needs to re-approve the standard general waste containers.

### 4. <u>Update the Waste and Recycling Collection Policy and Procedure to reflect the adoption of the local law</u>

Minor amendments have been made to the Waste and Recycling Collection Policy and Procedure to ensure that they complement *the local law*. Refer to Attachments 10-13.

### **PREVIOUS DECISIONS**

This is addressed in the background.

### **BUDGET IMPLICATIONS**

The local law merely replicates provisions contained in State Government legislation and reflect Council's current operational activities. There will not be an impact on Council's financial operations or require any additional resources.

### **LEGISLATIVE CONTEXT**

Council made Local Law No. 8 (Waste Management) 2018 due to the impending expiry of pt 2A of the *Waste Reduction and Recycling Regulation 2011* and ch 5A of the *Environmental Protection Regulation 2008* on 1 July 2018. On 2 July 2018 (four days before *the local law* was gazetted), Council received a letter from the Department of Environment and Science advising that the expiry date had been removed from the provision, therefore the provisions would continue after 1 July 2018.

Regardless of the fact that the provisions in the legislation continue, Council has already made *the local law*.

### **LEGAL IMPLICATIONS**

Not applicable.

### STAFFING IMPLICATIONS

Introduction of *the proposed local law* may impact on enforcement resources, however to what degree is unknown.

### **RISK ASSESSMENT**

There are no risks associated with the proposed resolution. Council is simply reiterating resolutions made by it before *the local law* was made. This will ensure that the matters addressed in the resolution will be relevant to *the local law*.

### **CORPORATE/OPERATIONAL PLAN**

Corporate Plan Reference: Strategy GO2: Develop strategic plans and policies to

address local and regional issues and guide service

provision.

### LOCAL GOVERNMENT PRINCIPLES

The local government principles are -

- (a) Transparent and effective processes, and decision-making in the public interest; and
- (b) Sustainable development and management of assets and infrastructure, and delivery of effective services; and
- (c) Democratic representation, social inclusion and meaningful community engagement; and
- (d) Good governance of, and by, local government; and
- (e) Ethical and legal behaviour of councillors and local government employees.

### CONCLUSION

Council has already made the local law. To ensure that administrative matters such as Policy, Procedure, Waste Management Schedule, and Designated Waste Collection Areas maps compliment *the local law*, Council needs to reconfirm previous resolutions made prior to the making of *the local law*.

General waste collection will be provided in accordance with the Waste Management Schedule at Appendix 1 which was adopted by Council at its <a href="mailto:linsert\_date]6 February 2018">Linsert\_date]6 February 2018</a> Meeting.

### 5.2 Waste Charges

Waste Collection and Recycling Charges:

- a) are determined through the annual budget and published in Council's annual Revenue Statement; and
- will only be applied to properties within the Designated Waste Collection Areas which have a structure that has the potential to generate general waste.

#### 5.3 Designated Waste Collection Areas

- For the purposes of s 5 of Local Law No. 8 (Waste Management) 2018, atAt its [insert date]6 February 2018 Meeting, Council adopted the Designated Waste Collection Areas in which it may conduct general waste collection. The Areas are identified on the Designated Waste Collection Areas Maps and are divided into two categories being:
  - Collection Areas (green); and
  - ii Service Routes (red).
- b) Collections Areas
  - i Properties in the Collection Areas will be supplied with the Minimum MGB per Premises identified in the Waste Management Schedule.
- c) Service Routes
  - Upon request from the owner of a property with road frontage to a Service Route, the Manager Water & Waste Operations may approve the Collection Service as identified in the Waste Management Schedule.
  - ii If a Collection Service is approved for a property on a Service Route, the service cannot be cancelled unless the property changes ownership, at which time the new owner may continue with the service or cancel it.
- d) Supply of an MGB will result in the levying of the appropriate charge identified in the Schedule of Waste Collection and Recycling Charges in the Revenue Statement.

### 6. Changes to this Policy

This Policy is to remain in force until any of the following occur:

- 1. The related information is amended/replaced; or
- 2. Other circumstances as determined from time to time by the Council

### 7. Repeals

This Policy repeals the former Livingstone Shire Council Policy titled 'Waste and Recycling Collection Services Policy (v32), adopted 25 November 20146 February 2018'.

## Waste and Recycling Collection Policy (v4)

Meeting Date: 18 September 2018

**Attachment No: 11** 

### WASTE AND RECYCLING COLLECTION POLICY (COMMUNITY POLICY)

### Scope

The Waste and Recycling Collection Policy (this 'Policy') applies to premises in the Designated Waste Collection Areas which receive general waste collection from Livingstone Shire Council.

#### 2. Purpose

Council is committed to providing general waste collection within the Designated Waste Collection Areas that are cost effective, meet the needs of the community and incorporate strategic and environmentally responsible waste management practices. This Policy and its associated procedure:

- a) facilitate Council achieving this goal;
- b) provide the principles for the operation of Council's waste and recycling collection; and
- c) support Local Law No. 8 (Waste Management) 2018.

#### 5.1 Entry onto Private Property

- a) Under most circumstances Council does not operate waste collection vehicles on private property due to, but not limited to the following factors:
  - Private roads are not specifically designed for large waste trucks, resulting in a higher potential for damage to vehicles, roads or private property. The safety of waste collection staff and the public may be compromised by travelling on private roads; and
  - Resorts, holiday villages, caravan parks and private estates may be regarded as unsuitable because of narrow roads, poor visibility and lack of turn around space, parked vehicles and the number of pedestrians in the vicinity.
- b) If there is no other option but to drive on private property the following applies:
  - The owner must lodge a completed Private Property MGB Collection Terms and Conditions; and
  - Council will undertake an inspection of the access to assess its suitability for a waste collection truck and advise the owner in writing of any decision relating to the application.

#### 5.2 Missed Collections

- If Council is notified that an MGB has not been emptied on the scheduled collection day, Council will make every effort to arrange a missed collection as soon as possible.
- b) If a missed collection is required because an occupier has not complied with Item 5.10 or 5.11, the occupier must pay a Missed Collection Fee before the missed collection will be provided.

#### 5.3 Additional Collections

- The Waste Management Schedule identifies the Minimum MGBs per Premises to be provided by Council to premises in the Designated Waste Collection Areas
- b) If the quantity of general waste generated at a commercial premises exceeds the capacity of the Minimum MGBs per Premises:
  - Pursuant to ch 5A pt 2 of the Environmental Protection Regulation 2008s 6 of Local Law No. 8 (Waste Management) 2018, the Director Infrastructure Services will determine the appropriate number of additional MGBs he reasonably considers is required to cater for the quantity of general waste generated;
  - Subject to Item 5.6(c), Council will supply the commercial premises with the additional MGBs; and
  - An Additional Collection charge as identified in the Schedule of Waste Collection and Recycling Charges in the Revenue Statement will be levied for each additional MGB supplied.
- c) Upon request from an owner, additional annual collections can be provided to properties already receiving a general waste collection. An Additional Collection charge as identified in the Schedule of Waste Collection and Recycling Charges in the Revenue Statement will be levied for each additional annual collection.

#### 5.4 Assisted Service

Waste and Recycling Collection Procedure

Adopted/Approved: Approved, 6 February 2018DRAFT

Version: 34

Department: Infrastructure Services Section: Water and Waste

Page 3 of 6

- a) Council provides an assisted service for occupiers who are unable to place their MGBs at the collection location because of a medical condition or disability and they have no able bodied person residing at the premises.
- b) The service includes retrieval and return of MGBs from a location within the property boundaries not exceeding a distance of 50 metres from the collection location.
- c) If an occupier requires an assisted service, they are required to:
  - Lodge a completed Assisted Service Request Waste and Recycling Collection application form or submit electronically through Online Services on Council's website; and
  - ii A current medical certificate/letter from a medical professional stating that the occupier is unable to place their MGBs at the collection location for emptying.
- If approved, the assisted service will commence within 10 working days of approval.
- An updated medical certificate/letter must be provided every two years for occupiers requiring an ongoing service.

#### 5.5 Repairs, Replacement and Maintenance of MGB

- a) If a MGB is stolen, removed, damaged or vandalised, Council will repair or replace it.
- b) The owner or occupier must pay a Replacement MGB fee if their MGB needs to be replaced because of deliberate misuse.
- c) The occupier is to keep the MGB clean and in good repair and securely covered.

#### 5.6 Cancellation of Collections

- a) Domestic Premises
  - i A minimum of 10 working days notice must be provided to cancel collections. Collections will only be cancelled if:
    - The premises are determined to be uninhabitable by the Manager Water & Waste Operations;
    - The structure that had the potential to generate general waste has been demolished;
    - The land is unoccupied; or
    - The owner demonstrates to the satisfaction of the Manager Water & Waste Operations that collections are no longer required.
  - ii Collection charges will cease from the date the MGB is removed.
  - If a structure is demolished the owner will be refunded charges paid to Council from the date the collection ceased or back to the effective date of the current rates notice (whichever is more recent).

#### b) Multi-Unit Development

#### 5.9 Circumstances when MGB will not be collected

- a) An MGB will not be collected if it:
  - Is overfull and the lid does not fully close;
  - ii Is not supplied by Council;
  - iii Is not correctly oriented in a position to facilitate collection;
  - iv Exceeds a total weight of 85 kilograms which is too heavy to be lifted;
  - v Is a recycling MGB and is contaminated with non-recyclable waste; or
  - vi Has not been presented at the collection location by 6am on the scheduled collection day.
- b) If a MGB has not been collected, the occupier will be informed of the reason why and that it will be emptied in the following weeks collection, providing the problem has been rectified.

#### 5.10 MGB Placement Guidelines

- Unless alternative arrangements have been made, the MGB must be presented at the collection location before 6am on the day of the scheduled collection and returned inside the property boundary within 24 hours after the scheduled collection day;
- MGBs must be placed 1m apart and be positioned clear of any obstructions such as cars, power poles and trees; and
- c) If a missed collection has been authorised under Item 5.2(a), the MGB is to remain at the collection location until emptied.

#### 5.11 MGB Filling Guidelines

- The occupier is responsible for the placement of material in the MGB in such a manner that does not prevent its complete emptying without manual intervention:
- b) The MGB weight must not exceed 85kg;
- The MGB lid must be completely closed and all material contained within the closed MGB;
- d) No material is to be left adjacent to the MGB;
- e) Grass clippings and dusty materials must be contained within bags; and
- f) No hazardous or building materials are to be placed in the MGB.

#### 6. Changes to this Procedure

This Procedure is to remain in force until otherwise amended/replaced by the Director Infrastructure Services.

#### 7. Repeals

This Procedure repeals Livingstone Shire Council Procedure titled 'Waste and Recycling Collection Services Procedure (v3), endorsed 6 February 2018'.

#### 12.4 LIFTING MATTERS LYING ON THE TABLE

File No: GV13.4.1

Attachments: Nil

Responsible Officer: Chris Murdoch - Chief Executive Officer
Author: Lucy Walker - Executive Support Officer

#### **SUMMARY**

The Business Outstanding Table is used as a tool to identify when reports are due back to the table. Items lying on the table require a report to be lifted from the table before being dealt with. This report is designed to lift all necessary reports from the table to be dealt with at the current meeting 18 September 2018.

#### OFFICER'S RECOMMENDATION

THAT the following matter, 'lying on the table' in the Business Outstanding Table due to return to Council Meeting, be lifted from the table and be dealt with accordingly.

Notice of Motion – Councillor Adam Belot – Change to Media Policy

# 13 QUESTIONS/STATEMENT/MOTIONS ON NOTICE FROM COUNCILLORS

13.1 NOTICE OF MOTION - COUNCILLOR ADAM BELOT - CHANGE TO MEDIA POLICY

File No: GV13.4.4

Attachments: 1. Notice of Motion U.

Responsible Officer: Chris Murdoch - Chief Executive Officer

#### **SUMMARY**

Councillor Adam Belot has indicated his intention to move the following Notice of Motion at the next Council Meeting 4 September 2018, as follows:

#### **RECOMMENDATION**

THAT a review be undertaken of the Media Policy Guidelines and roles/responsibilities, in order to encourage greater Councillors participation and freedom when commenting in the media.

#### **BACKGROUND**

Refer to attached notice of motion.

#### LOCAL GOVERNMENT PRINCIPLES

The local government principles are –

- (a) Transparent and effective processes, and decision-making in the public interest; and
- (b) Sustainable development and management of assets and infrastructure, and delivery of effective services; and
- (c) Democratic representation, social inclusion and meaningful community engagement; and
- (d) Good governance of, and by, local government; and
- (e) Ethical and legal behaviour of councillors and local government employees.

# 13.1 - NOTICE OF MOTION - COUNCILLOR ADAM BELOT - CHANGE TO MEDIA POLICY

### **Notice of Motion**

Meeting Date: 18 September 2018

**Attachment No: 1** 

To the Office of the CEO

Livingstone Shire Council

Anzac Parade Yeppoon.

27/08/2018

I request that the attached Notice of Motion be included at the next available LSC meeting if at all possible.

That a review be undertaken of the Media Policy Guidelines and Roles / Responsibilities, in order to encourage greater Councillor participation and freedom when commenting in the Media.

Supporting Information:

Under current Media Policy Guidelines 5.1.4 Portfolio Councillors are the primary spokespersons in media releases relating to their portfolio where applicable. Furthermore under Roles and Responsibilities 5.2.2 Councillors are expected to comment on their Council portfolios if requested to do so by the Mayor.

Ultimately, commenting in the media where applicable and at the expectation of the Mayor, could be somewhat restricting and not necessarily conducive to Councillors being able to interact with the media and community in a meaningful, transparent and constructive manner.

Current Guidelines 5.1.4

Portfolio Councillors will be the primary spokesperson in media releases relating to their portfolio, where applicable.

Current Roles and Responsibilities

5.2.2 Councillors are expected to comment on their Council Portfolio if requested to do so by the mayor.

Sincerely,

Cr Adam Belot

Responsible Officer: Chris Murdoch - Chief Executive Officer

#### **SUMMARY**

Councillor Adam Belot has indicated his intention to move the following Notice of Motion at the next Council Meeting 18 September 2018, as follows:

#### RECOMMENDATION

THAT Livingstone Shire Council write to both Federal and State Governments advocating for greater investment and action on 'Nation Building -Water Harvesting strategies' that will lead to more prosperous and sustainable conditions for Queensland and Australian Farmers.

#### **BACKGROUND**

Refer to attached notice of motion.

#### LOCAL GOVERNMENT PRINCIPLES

The local government principles are -

- (a) Transparent and effective processes, and decision-making in the public interest; and
- (b) Sustainable development and management of assets and infrastructure, and delivery of effective services; and
- (c) Democratic representation, social inclusion and meaningful community engagement; and

I request that the attached Notice of Motion be included at the next available LSC meeting if at all possible.

That LSC write to both Federal and State Governments advocating for greater investment and action on 'Nation Building -Water Harvesting strategies' that will lead to more prosperous and sustainable conditions for Queensland and Australian Farmers.

Supporting Information: Recently LSC passed a resolution to contribute toward the Queensland Drought Appeal (4 September). This initiative was a proactive step to try and provide some much needed financial assistance to our drought stricken farmers. Furthermore, I believe this motion is also a proactive step, to challenge our State and Federal leaders, to prioritise 'Nation Building – Water Harvesting Strategies'.

Strategies that plan and build water harvesting infrastructure which will deliver greater water capacity for our farmers to utilize. The voice of Local Government needs to be more vocal in expressing what every day Australians want to see from there State and Federal Governments. With the leadership spill over, the time has come to collect the spill of fresh water that flows out to sea and start planning for 'Nation Building- Water Harvesting Strategies' that will deliver more prosperous and sustainable conditions for Queensland Farmers.

Sincerely,

Cr Adam Belot

**ICE Affecting Families Capricorn Coast** 

2<sup>nd</sup> September 2018

Re: Drug Awareness Day - Capricorn Coast

ICESUP support group was formed April 2016 and in October 2016 we hosted (with the help of Livingstone Shire Council) a forum on Alcohol & Other Drugs and recorded 150 attendees.

The AAIC (Australian Anti Ice Campaign) from the Gold Coast pushed the initiative, as they are all about education, and ICESUP agreed to approach council for assistance and hold the forum.

That was 2 years ago come October and I feel it necessary to hold an Awareness Day to again bring everyone's attention to the issues faced by the Community because of the drug Ice.

Having one before the schoolies celebrations would be ideal but understanding that I have probably left it a bit late to organise this event when I am relying on Service Providers to reply if they can or cannot attend.

Family Drug Support holds an annual International Family Drug Support Day on the  $24^{th}$  of Feb each year and we could have something to coincide with that.  $24^{th}$  Feb 2019 will be on a Sunday. This would give me ample time for invitations and RSVP. Because I work fulltime the event would have to be held on a weekend, perhaps a Saturday morning 9-1pm.

I would need to know what council permissions are required before I did anything else.

This issue of Crystal Methamphetamine (ICE) is not subsiding; it does now involve the whole community. Community members who have not been affected also need to be aware that:

- ICE does not discriminate
- It is not just a young person's drug
- It is not just another drug or a party drug
- It does put a heavy load on our emergency services and mental health system
- Substance users are not junkies but someone's son, daughter, mother, father etc.

Raising awareness is all I can do on my own by holding our meetings and supporting the families, going to the markets and having an information table, turning up in other towns and attending their Mental Health & Awareness Days, my Facebook page and website.

ICESUP is all about supporting families in a group setting in a safe and confidential environment.

I would also like to have an information table on the odd Saturday morning in the main street perhaps near the old Findlays (as it is closed)

I look forward to your reply and if you have any questions, I would be happy to answer them.

Kind Regards and thank you for your support,

Debbie Ware & ICE Affecting Families Capricorn Coast  ${\color{red} {\bf ICESUP~CQ}}$
