THAT the Committee recommends that Council resolve:

1. That in relation to the proposed permanent road closure associated with Lot 48 LN75:

 - b) that the applicant be advised of Council's decision and provided with the completed Part C.
2. That in relation to the proposed permanent road closure associated with Lot 6 RP616974:
 - a) to authorise the Chief Executive Officer to sign a 'Statement in relation to an application under the *Land Act 1994* over State land (Part C)' stating that Council, as road manager, objects to the proposed closure of part of the unnamed road reserve located between Lot 6 RP616974 and Lot 48 LN75, as shown on the plan titled 'Plan submitted by owner of Lot 6 RP616974' because a 40m wide road reserve must be retained to ensure that access to Lot 45 RP908899 is not compromised; and

13.3 ROAD CLOSURE APPLICATION - ROAD RESERVE (PATHWAY) ADJACENT TO 9 SAN MARINO WAY ZILZIE (LOT 5 SP132028)

Attachments: 1. Plans
2. Road Closure Application

Responsible Officer: Sean Fallis - Manager Engineering Services
Michael Kriedemann - General Manager Infrastructure
Terry Dodds PSM - Chief Executive Officer

Author: Carrie Burnett - Policy & Planning Officer

SUMMARY

This report pertains to an application to permanently close road (pathway) beside 9 San Marino Way Zilzie.

COUNCIL RESOLUTION

THAT Council resolve:

1. To authorise the Chief Executive Officer to sign a 'Statement in relation to an application under the *Land Act 1994* over State land (Part C)' stating that Council, as road manager, objects to the proposed closure of road reserve (pathway) beside 9 San Marino Way Zilzie (Lot 5 SP132028) for the following reasons:
 - a) The existing pathway provides pedestrian connectivity to Svendsen Road, which is identified on the Principal Cycle Network (Priority C&D) and planned for a shared path in the long-term future;
 - b) Removing this link risks setting a precedent for closing other pedestrian pathways, progressively undermining network connectivity;
 - c) These types of shortcuts can complement future public transport infrastructure, such as bus stops and help reduce the cost of longer footpath connections; and
 - d) The alternative route via Monaco Drive is steep and may present accessibility challenges.
2. That the applicant be advised of Council's decision and provided with the completed Part C.

13.4 PERMIT TO OCCUPY APPLICATION – ADJACENT TO 6 FLOOD ROAD MILMAN (LOT 4 RP848806)

File No: fA77440

Attachments: 1. Plans
2. Permit to Occupy Application

Responsible Officer: Sean Fallis - Manager Engineering Services
Michael Kriedemann - General Manager Infrastructure
Terry Dodds PSM - Chief Executive Officer

Author: Carrie Burnett - Policy & Planning Officer

Previous Items: 11.1 - Road Closure Application - Adjacent to 64387 Bruce Highway Milman (Lot 3 RP848802) - Standing Committee - Infrastructure - 06 Aug 2024 8:30 AM

SUMMARY

This report pertains to a Permit to Occupy Application over road reserve adjacent to 6 Flood Road Milman.

OFFICER'S RECOMMENDATION

THAT Council resolve:

1. To authorise the Chief Executive Officer to sign a 'Statement in relation to an application under the *Land Act 1994* over State land (Part C)' stating that Council, as road manager, objects to the proposed permit to occupy over an area of road reserve adjacent to 6 Flood Road Milman (Lot 4 RP848806) for the following reasons:
 - a) There is a current development application adjoining the site at 64387 Bruce Highway Milman (Lot 3 RP848802).
 - b) The primary access for this development is within the footprint of the proposed permit to occupy.
 - c) This potentially changes the nature of the development application and may require the applicant to publicly notify again.
 - d) Council supporting the permit to occupy could be construed as not acting in good faith with respect to the development application and could open legal avenues for the applicant to appeal in the P&E court against Council.
 - e) The permit to occupy application proposes to utilise road reserve currently serving as the primary access point for 64387 Bruce Highway Milman.
 - f) If approved by the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development, the permit to occupy could result in the primary access point for 64387 Bruce Highway Milman needing to be relocated, possibly to an area under the control of the Department of Transport and Main Roads.
 - g) It is uncertain whether the Department of Transport and Main Roads would grant direct access to the state-controlled road network, which would result in uncertainty for the owner of 64387 Bruce Highway Milman as any future proposed access may not be approved.

h) A permit to occupy may impact vegetation which is subject to the current State trigger mapping for Protected Plants; and Matters of State Environmental Significance - being habitat (endangered or vulnerable) and vegetation Category B (endangered or of concern).

2. That the applicant be advised of Council's decision and provided with the completed Part C.

Matter Lay on Table until another Meeting

COUNCIL RESOLUTION

That pursuant to s2.18.1(d) and s2.18.11 of Livingstone Shire Council's Meeting Procedures Policy the matter lay on the table pending consideration of a DA to return to a Council Meeting at a later date.
